About Me

I am a passionate and dedicated WordPress developer with a strong foundation in computer science and over three years of experience as a tutor and lecturer. My background in education has honed my ability to communicate complex concepts clearly and effectively. Transitioning into web development, I have leveraged my technical expertise to create dynamic, user-friendly websites. My experience in developing several websites has equipped me with a deep understanding of WordPress. I am passionate about continuous learning and am committed to delivering high-quality digital solutions.

Professional Experience

Internship

January 2025- July 2025

- 6 Month internship at Viseatech Private Limited on Wordpress Development and Social Media Management

Computer Science tutor to 12th grade
